

THE POWER OF MUSIC EDUCATION FOR YOUR CHILD

NOW IS THE TIME...

for you to consider how music enhances your child's education and development.

Study after study has proven that music education dramatically increases early brain development and improves students' overall academic performance.

🎵 IMPROVES READING & MATH PERFORMANCE

Students who participated in an "enriched, sequential, skill building music program" dramatically increase their reading and math performance.

🎵 RAISES IQ SCORES

Mozart's Piano Sonata K448 was found to significantly increase spatial scores of college students on IQ tests.

🎵 INCREASES SAT SCORES

Tests have shown students with experience in music performance score higher on math and verbal portions of the SAT Test

🎵 BUILDS TEAMWORK SKILLS & ENHANCES COOPERATION

Playing in a school band is a good way to develop teamwork and cooperation skills

At school, all students will get an opportunity to try a few instruments and more information will come home. This is an exciting and rewarding way for your child to participate in the school band program. We hope you will consider the great benefits music can provide for all students. Now is the time to consider how music can enhance your child's education!
