

May 27, 2010

To all school parents:

Please be aware that the State of Illinois requires that all students entering Kindergarten & 6<sup>th</sup> grade have proof of a current health examination. Students entering kindergarten, 2<sup>nd</sup> grade & 6<sup>th</sup> grade must have proof of a current dental examination. The appropriate health and dental forms must be on file in the school office. These forms must be turned into the office before the first day of school August 23, 2010.

Health exams must be within one year prior to the date entering kindergarten and 6<sup>th</sup> grade. Health exam forms must include proof of current immunizations. Dental exams must be completed before May 15<sup>th</sup> of the kindergarten, 2<sup>nd</sup> grade & 6<sup>th</sup> grade school year.

All students entering kindergarten must also have proof of a current eye exam. An optometrist or ophthalmologist must perform the exam. Vision screening forms as provided by the local health department are not acceptable.

100% compliance for all St. Petronille students is mandatory. This fall St. Petronille will be audited by the state of Illinois. Critical funding is based on the results of the audit. Your cooperation is appreciated.

For further questions you may refer to the Illinois Department of Education web site at [www.isbe.net](http://www.isbe.net) <<http://www.isbe.net>> or contact the school office.

Sincerely,

Dr. Kelly
