## DANNY ORLEANS PRESENTS: THE FIVE SENSES & BEYOND

Grade K-3's program focuses on the senses of sight, sound, touch, taste and smell through memorable, magical moments. Children will realize how their senses function and sometimes mis-function, as they experience their environment and themselves. Grade 4-8's program presents the principles of mis-direction. Magic tricks are demonstrated, revealed and performed again, still leaving the audience baffled. He will also give a backstage view of how magic and minds work, dramatizing the psychology of perception.
